OUR VISION

~To develop the environmental industry in British Columbia through novel environmental business and technology solutions~

The BC Environment Industry Association (BCEIA) is British Columbia's most recognized and longest running professional business association dedicated to serving member companies that operate in the many sectors related to environmental stewardship and sustainable development.

Comprised of world-class engineering and environmental service companies, technology providers, research organizations, environmental analysts and consultants, disaster response, government agencies and environmental law firms... the BCEIA offers a diverse range of expert knowledge on the business of minimizing, mitigating and safeguarding our shared human and natural environments.

OUR MISSION

~To foster the growth of the industry and to promote technology development and innovation in the sector~

The BCEIA is committed to networking within the industry; establishing an effective industry liaison and advocacy presence; building partnerships; strengthening business development and competitiveness of its membership; increasing the product and service profiles of its members; and raising awareness of the industry in terms of its economic, human and environmental impact.

OUR FUTURE

~To evolve and harmonize the environment industry's burgeoning sustainable development portfolio~

The environment industry of British Columbia is undergoing an exciting process of re-orientation and renewal due to the recent convergence of environmental, energetic and sustainability-related issues. This convergence has prompted a fundamental shift in stakeholder participation and perception of the environment, which in turn, has placed a greater emphasis on the implementation of proactive environmental stewardship strategies and best practices. As global economic and political forces shift and influence the operational sectors of its membership, through new alliances and strengthened partnerships, BCEIA is now focused more broadly on sustainability, and endeavors to ensure the vital role that its members play in shaping British Columbia's future.

MEMBERSHIP SERVICES

NETWORKING and PARTNERSHIPS

The BCEIA facilitates unique networking opportunities for its members throughout the year. Key local, national and international guest speakers, agencies and decision makers, are brought together to provide members a professional platform from which to foster strategic partnerships.

EFFECTIVE INDUSTRY LIAISON and ADVOCACY

Serving as a common window to and a common voice from the environment industry, the BCEIA uses its strong relationships with the federal, provincial and municipal institutions to vocalize on behalf of its membership, the shared or divergent concerns that arise from environmental procurement, regulatory reform, policy creation and related in a proactive approach.

MARKET and REGULATORY INFORMATION

BCEIA members are provided with timely news updates, relevant regulatory information and sector alerts important to their business, as well as, market opportunities, event notices and summaries of changes to provincial and federal legislation.

BUSINESS DEVELOPMENT

The BCEIA aggressively promotes the profile, products and services of its members at a variety of events and through a growing constellation of high-traffic information portals, digital media and resources like its online EPS Directory.

PROFESSIONAL GROWTH

The BCEIA facilitates professional development via practical, technical and business seminars focusing on environmental related topics designed for members to take advantage of the many government programs in the sector.

CAREER DEVELOPMENT

Through BCEIA activities, student volunteerism and partnerships with advanced institutions across the province, the BCEIA encourages the next generation of eco professionals to explore and pursue careers within the membership.

MEMBERSHIP AND PRODUCT DIRECTORY

The Environmental Product & Services Directory is the most dynamic and comprehensive listing of its kind –available exclusively– to BCEIA members.

BCEIA COMMITTEES

CONTAMINATED SITES/BROWNFIELDS COMMITTEE

This committee comprises a group of high-level managers in the contaminated sites industry who meet to discuss and comment on issues of important relevance such as policy and regulatory initiatives. Members of the committee are required to sign confidentiality agreements prior to reviewing these documents which provide a unique insight into pending legislation which may impact on their clients.

HAZARDOUS WASTE COMMITTEE

This committee comprises a group of high-level managers in the hazardous waste management industry; providing direct oversight to the BCEIA Hazardous Waste Compliance Improvement Project (HWCIP). The committee also monitors pertinent legislation and progress of the industry sector and vocalizes on behalf of the industry on matters related to procurement, regulatory reform and environmental policy.

ENERGY EFFICIENCY AND CONSERVATION COMMITTEE

This committee comprises a group of high-level managers in the energy technologies industry who meet to discuss and comment on the impact and profile of those products, services and applications that address energy generation, transmission and consumption in B.C.'s burgeoning, sustainability-driven clean energy sector.

INTERNATIONAL RELATIONS COMMITTEE

This committee comprises a group of experienced professionals with export market enterprise and international development expertise with specific emphasis on environmental technology, stewardship services and product placement.

EDUCATION AND PROFESSIONAL DEVELOPMENT COMMITTEE

This committee oversees BCEIA activities pertaining to educational and human resource development activities undertaken by the Association and advises on matters relating to Professional Development of BCEIA members.

EXECUTIVE COMMITTEE

This committee consists of the President, Vice-Presidents, and Secretary Treasurer. Committee Chairs are ad hoc members also. The Executive Committee carries out day-to-day operational activities of the Association.

BCEIA CODE of ETHICS

Members of the British Columbia Environment Industry shall at all times act with fairness, courtesy and good faith and uphold the values of truth, honesty and trustworthiness.

In keeping with these basic tenets, members of the BCEIA shall:

- 1) Perform their service with proper regard for the safety, health and welfare of workers, the public, and the environment;
- 2) Perform their services in compliance with all applicable laws, regulations and policies of local, provincial and federal jurisdictions;
- 3) Endeavour to extend public awareness of the environment industry and its place in society;
- 4) Undertake only such work as they are competent to perform by virtue of their experience and training;
- 5) Stay informed; strive to advance the body of knowledge they practice while providing opportunities for the professional development of their employees;
- 6) Clearly present to clients the possible consequences of overruled or disregarded professional decisions or judgments;
- 7) Endeavour at all times to improve the competence, dignity and prestige of the Association;
- 8) Advertise their services in a manner complimentary to the dignity of the Association.
