

If you have a passion for wildlife biology we want to hear from you.

Make a difference. Love your work.

Working for us you will have the opportunity to explore and research various ecosystems and wildlife diversities in beautiful British Columbia.

Keystone Wildlife Research Ltd. is an environmental consulting firm with extensive experience in ecological inventory, wildlife research, and natural resource management planning based in Surrey, BC.

If you are a Registered Professional Biologist (R.P.Bio) with a desire to make a difference, an interest in terrestrial wildlife and ecosystems, and a hard-working ethic, we are looking for you.

Working for Keystone Wildlife Research offers you the chance of a unique personal and career opportunity. Add to this a team made up of an amazing group of professionals, dog-friendly office environment, and flexible scheduling, you have an unbeatable work/life combination.
